

TECHNICAL DATASHEET

Activated Carbon – TB1

Trabaco is a Viet Nam leader in the research, development, manufacturing and sale of high-grade activated carbon used in a growing range of environmental, health, safety and industrial applications. We offer a wide range of industry-leading activated carbon solutions, each with their own uses and application. It is ideal for the following applications:

- Water Treatment
- Air Treatment / Purification
- Power Plant
- Chemical purification and catalysts
- Mining
- Pharmaceuticals

SPECIFICATION-TB1 0820 Mesh

Iodine adsorption	1100-1200 mg/g
Hardness	97% (min)
Ash Content	3% (max)
Moisture Content	5% (max)
Bulk Density	450-550 g/l
Mesh size	08-20 (mesh)
Manufacturer	TRABACO

Storage: dry, cool place, away from heat sources.

TECHNICAL SUPPORT:

Factors that affect the performance of product:

- Molecular weight
- pH
- Particle size
- Flow rate
- Temperature

Features and Benefits

- High Purity level
- Versatile adsorbent
- High mechanical strength
- Good adsorption capacity
- Potable water grade

Available Particle Sizes

- 6x12 mesh (1.68 - 3.36mm)
- 8x20 mesh (0.85 - 2.38mm)
- 8x30 mesh (0.60 - 2.36mm)
- 4x8 mesh (2.38 - 4.76mm)
- Othersizes available on request

Approvals and Certifications

- Halal certified
- Food Grade

Standard Packaging

- 25 kgsack(55 lb)
- 500 kg bulkbag (1100 lb)
- Bulk tanker
- Other packingconsideredon request

PRODUCTION CAPABILITY

Trabaco is one of famous activated carbon manufacturer in the world with big capacity

The quality of the product is the value of TRABACO, non-stop investment in human resource and improvement is a driving force for sustainable development
